

SMART RECOILER

WORLD'S FIRST FULLY INTEGRATED SENSOR WITH COUNTER-TOP RECOILER FOR PHONES AND TABLETS

The all new recoiler mechanism is designed to withstand the everyday. We deliver the highest quality countertop solution that integrates Shopguard's essential inventions: screaming sensor with illumination, unique and universal secured charging leads, media ready option packaged in a compact recoiler product, strengthened with aircraft cable.

SENSOR FEATURES:

- * **Adaptive power amplifier** integrated in sensor head: 5.2V/2A charging capability
- * **Integrated iReader** for alarm handling
- * LED illuminated sensor and cradle
- * Tamper switch for enhanced security
- * **Secured cable socket** with interchangeable unique charging heads:
Micro USB, USB C, Lightning
- * **95dB Sound Level (screaming sensor)**
- * Optional CLAW mount for extra mechanical security

MAIN CRADLE FEATURES:

- * Fully integrated stand-alone countertop solution
- * **Best in class recoiler mechanism:**
Long lifespan, easy maintenance
- * **Cut-resistant high-security steel mesh cable**
(Often Referred to as Aircraft Wire)
- * Security lock-down using Shopguard's unique key
- * Reversible neck allows for angled or flat positioning:
Simply click and twist
